

Theme: Friend

You pick me up when I fall.
I want someone to listens to me,
You give me a call.
You are the one who always there.

When I have falling tears,
You take away my fears,
And tells me 'Dear, I'm all ears'
You are always willing to hear.

I am so glad you are here,
Giving me love and care.
And I will hold you tight,
Through all these lonely nights.

I love you, my friend,
Our friendship never ends.
And you are the definition
Of a true friend.
