

Theme: Future

I have no hope in future
And I do not believe that
I can make a difference in tomorrow
In fact
“Thou art the light of the world”
Is a lie, and
“Winners take all”

So in future, I will tell my loved ones
People will still be the same
The society will know that
Money
Is more valuable than
A smile on people’s face

I will only care about myself
It is stupid to assume that
Small potatoes like me can make a change

All of this is going to happen unless I choose to *reverse it.*
